Legend

STOP: Damage to the vehicle may occur. Do not proceed until process has been complied with.

OPERATOR SAFETY: Use caution to avoid risk of injury.

CAUTION: A process that must be carefully observed in order to reduce the risk of damage to the accessory/vehicle and to ensure a quality installation.

TOOLS & EQUIPMENT: Used in Figures calls out the specific tools and equipment recommended for this process.

REVISION MARK: This mark highlights a change in installation with respect to previous issue.

SAFETY TORQUE: This mark indicates that torque is related to safety.

REGULATORY MARK: This mark indicates the component is related to regulatory compliance

1. Remove the Cover at Driver side Instrument panel

- (a) Remove the Cover at driver side Instrument panel by pulling the Cover / disengaging the hooks located on the Cover (Fig. 1-1).
- (b) Place cover in glove box

2. Install Multi-Tool Holder and Tool

- (a) Install the multi-tool holder into the instrument panel aligning the four hooks. “Toyota” should be legible and upright position. (Fig.2-1)
- (b) Check that the four hooks are engaged by lightly pulling on the holder. (Fig.2-1).

Accessory Function Checks

- ☐ Ensure that the part is secure to the IP
- ☐ Ensure that the Toyota Logo is upright
- ☐ Ensure removed panel is placed in glove box
